The Proud Boys Have a Chapter in Israel

When conservatives tell you they hate Nazis, meaning White people, believe them. It turns out that the wannabe gangster group founded by race mixer Gavin McInnes has a chapter in Israel. For those who have been following the “alt-lite” this is not surprising. Gavin has said many times that he supports the state of Israel and Laura Loomer along with Rebel Media, Infowars and the entire weird side of non-mainstream right-wing conservatism are no different. These people are just woke bitches without the icky nose rings. You can’t be pro-White and defend the Proud Boys any longer. Anyone claiming to do so (I’m talking to you, TRS) is an enemy of White people and must be exposed as such.
